

Print out & then cut and fold * *Your Very Own Mammoth*

You won't find a mammoth in the wilds of Oregon any longer but enjoy putting this mammoth together to bring a little of this ancient and majestic creature home!

1. Cut out the mammoth on the solid lines.
2. Gently fold all of the dotted lines, with the blank side of the paper facing the inside of the fold.
3. Glue A tabs to the bottom of the mammoth's back.
4. Glue B tab to the back of the mammoth's frontside.
5. Fold ears back and secure by matching tabs C-F to their corresponding placements C-F and gluing them in place.
6. Use the edge of your scissors to curl the mammoth's proboscis if desired.
